

## MD of Pincher Creek – Hamlet of Beaver Mines Potable Water Distribution & Wastewater Collection

Weather pending, BYZ will be re-mobilizing to Beaver Mines on 19 April to continue work on this project. The week of 19 April will involve activities including general organization and setup, receipt, and stockpiling of material, pumping water, etc. The phase 1 activities (yellow hatched areas on the figure below) will be the first areas of work which will immediately follow mobilization activities. In general, the remaining work will be phased as shown in the figure below.

Please note:

- Active phases may not follow the sequence as numbered
- There may be more than one active sequence at a time
- During active phases vehicle access to affected properties will be unavailable

If you require further information or have any questions, please do not hesitate to contact one of our representatives:

Chris McIntyre  
403-502-4426  
Foreman (on-site rep)

Evan Laturas, P.Eng  
403-866-8559  
Project Manager

Tanis Bakalar  
403-977-5858  
Safety

BYZ Enterprises Inc. wishes to thank you for your continued patience as we work to complete this important project in your community. Bi-weekly updates will be provided throughout the remainder of the project.
